**Importance:** High

Hi Dan and Catherine,

We got the following inquiry regarding the 24(c) changes from a reporter at Midwest Center for Investigative Reporting:

- What is the reasoning behind the change? Were there problems with how 24(c) was working?
- In past communications with AAPCO, the EPA promised a public comment period. That did not take place. Why?
- What public input was included in the decision?

## Ex. 5 Deliberative Process (DP)

Let me know if you have any edits or anything to add. I'll need to move this forward for Greg's review **by 2pm**. Sorry for the quick deadline!

Best,
